**Edson Transformer Replacement**
**Notice of application filing and approval**

Thank you for your ongoing participation in the Edson Transformer Replacement. We submitted an application for the project to the Alberta Utilities Commission (AUC) on July 27, 2026. The Alberta Utilities Commission (AUC) approved this project for construction on July 29, 2027.

**Next steps**

Construction began in early August 2026, and anticipate construction to be complete in September 2026.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

**AUC Approval**

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at: https://www2.auc.ab.ca/proceeding/30970.

To access the application, scroll down the main page and click on the 'Access here' option under 'Access to the eFiling System' and log in to your eFiling account. If you do not have an account, select 'New personal account' or 'New organization account' and follow the steps on the screen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter filing number 30970 into the 'Go to…' search bar on the top of the page to locate the application.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

**Project background**

AltaLink is upgrading equipment at its existing 58s Edson Substation in the Town of Edson, located in Yellowhead County.

The project will include replacing one aging transformer with one new transformer and associated equipment.

Sustainable Electricity Designation

The work will be completed within the existing substation fenceline; no new fenceline expansion is required.
