Stony Plain Transformer Replacement Project
Notice of application filing and approval

Thank you for your ongoing participation in the Stony Plain Transformer Replacement Project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on July 8, 2026. The AUC approved this project for construction on July 28, 2026.

Next steps

We plan to begin construction in August 2026, and anticipate construction to be complete in September 2026.
Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC Approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:
https://www2.auc.ab.ca/proceeding/30941

To access the application, scroll down the main page and click on the 'Access here' option under 'Access to the eFiling System' and log in to your eFiling account. If you do not have an account, select 'New personal account' or 'New organization account' and follow the steps on the screen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter filing number 30941 into the 'Go to…' search bar on the top of the page to locate the application.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

AltaLink is proposing to upgrade equipment at its existing Stony Plain 434S Substation within the Town of Stony Plain.

The proposed project will include replacing one aging transformer with one new transformer.

The work will be completed within the existing substation fenceline; no fenceline expansion is required.
